INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of Township Committee
Township of Washington
County of Burlington, New Jersey

Report on the Financial Statements

Opinions

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the Township of Washington, as of December 31, 2022 and 2021, the related statement of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2022 and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Township of Washington as of December 31, 2022 and 2021, or changes in financial position for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets and account group as of December 31, 2022 and 2021, the regulatory basis statements of operations for the years then ended and the regulatory basis statements of revenues and expenditures for the year ended December 31, 2022 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Township of Washington and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles.

As described in Note 1 of the financial statements, the financial statements are prepared by the Township of Washington on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township of Washington's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Division of Local Government Services will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from an error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Division of Local Government Services, we:

- exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township of Washington's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether in our judgement there are conditions or events considered in the aggregate, that raise substantial doubt about the Township of Washington's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charge with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control – related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Washington basic financial statements. The supplementary information listed in the table of contents and the letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information listed in the table of contents is fairly stated, in all material respects, in relation to the regulatory basis financial statements as a whole.

The letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 5, 2023 on our consideration of the Township of Washington's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Washington's internal control over financial reporting and compliance.

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Except as noted below, the financial statements of the Township of Washington include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Township of Washington, as required by N.J.S. 40A:5-5.

Component units are legally separate organizations for which the entity is financially accountable. The entity is financially accountable for an organization if the entity appoints a voting majority of the organization's governing board and (1) the entity is able to significantly influence the programs or services performed or provided by the organization; or (2) the entity is legally entitled to or can otherwise access the organization's resources; the entity is legally obligated or has otherwise assumed the responsibility to finance the deficits of or provide financial support to the organization; or the entity is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the entity in that the entity approves the budget, the issuance of debt or the levying of taxes. The entity has no component units.

B. Description of Funds

The accounting policies of the Township of Washington conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with the respect to public funds. Under this method of accounting, the Township of Washington accounts for its financial transactions through the following separate funds:

Current Fund -- resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds -- receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund -- receipt and disbursement of funds for the acquisition of general facilities, other than those acquired in the Current Fund.

General Fixed Assets Account Group -- All fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in governmental funds.

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local governmental units. The more significant policies in New Jersey follow.

A modified accrual basis of accounting is followed with minor exceptions.

Revenues -- are recorded as received in cash except for certain amounts, which are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the entity's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the entity's Current Fund, accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the entity which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Expenditures -- are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements. Appropriation reserves covering unencumbered appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the Governing Body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis. Compensated absences are treated on a pay as you go basis with no amount charged to operations in the year incurred.

Foreclosed Property -- Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds -- Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets.

General Fixed Assets -- The entity has developed a fixed assets accounting and reporting system, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles.

As required by New Jersey Statutes, foreclosed property is reported in the current operating fund of the municipality.

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value on the date of acquisition. Expenditures for long lived assets with an original cost in excess of \$2,000 are capitalized.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Levy of Taxes -- The County Board of Taxation certifies the tax levy of the municipality each year. The tax levy is based on the assessed valuation of taxable property within the municipality. Taxes are payable on the first day of February, May, August, and November. Any taxes that have not been paid by 11th day of the 11th month in the fiscal year levied are subject to being included in the tax sale and the lien enforced by selling the property in accordance with NJSA 54:5 et. seq.

The municipality is responsible for remitting 100% of the school and county taxes to the respective agency. The loss for delinquent or uncollectible accounts is borne by the municipality and not the school district or county.

Interest on Delinquent Taxes – It is the policy of the Township of Washington to collect interest for the nonpayment of taxes or assessments on or before the date when they would become delinquent. The Tax Collector is authorized to charge eight percent (8%) per annum on the first \$1,500.00 of taxes becoming delinquent after due date and eighteen percent (18%) per annum on any amount of taxes in excess of \$1,500.00 becoming delinquent after due date and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31st, an additional penalty of six percent (6%) shall be charged against the delinquency. There is a ten day grace period.

Capitalization of Interest -- It is the policy of the Township of Washington to treat interest on projects as a current expense and the interest is included in the current operating budget.

Use of Estimates -- The preparation of financial statements in conformity with generally accepted accounting principles or the statutory basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

D. Required Financial Statements

The State of New Jersey requires the following financial statements to be presented for each fund on the regulatory basis of accounting: Balance Sheet, Statement of Operations and Changes in Fund Balance, Statement of Revenue and Statement of Expenditures. These statements differ from those presented under Generally Accepted Accounting Principles, which requires a Statement of Net Position and Statement of Activities in addition to the fund financial statements.

E. Comparative Data

Comparative total data for the prior year has been presented in the accompanying Balance Sheets and Statement of Operations in order to provide an understanding of changes in the entity's financial position. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in the Statement of Revenue-Regulatory Basis and Statement of Expenditures-Regulatory Basis since their inclusion would make the statements unduly complex and difficult to read.

F. Recent Accounting Pronouncements Not Yet Effective

In March 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 94, "Public-Private Partnerships and Availability Payment Arrangements". This statement is effective for fiscal periods beginning after June 15, 2022, will not have any effect on the Township's financial reporting.

In May 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 96, "Subscription-Based Information Technology Arrangements". This statement is effective for fiscal periods beginning after June 15, 2022 and will not have any effect on the Township's financial reporting.

In April 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 99, "Omnibus 2022". This statement is effective for periods beginning after June 15, 2022 and June 15, 2023, and will not have any effect on the Township's financial reporting.

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 100, "Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62". This statement is effective for fiscal years beginning after June 15, 2023, and will not have any effect on the Township's financial reporting.

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 101, "Compensated Absences". This statement is effective for fiscal years beginning after December 15, 2023, and will not have any effect on the Township's financial reporting.

Note 2: BUDGETARY INFORMATION

Under New Jersey State Statutes, the annual budget is required to be a balanced cash basis document. To accomplish this, the municipality is required to establish a reserve for uncollected taxes. The 2022 and 2021 statutory budgets included a reserve for uncollected taxes in the amount of \$66,000 and \$60,750. To balance the budget, the municipality is required to show a budgeted fund balance. The amount of fund balance budgeted to balance the 2022 and 2021

**TOWNSHIP OF WASHINGTON
 NOTES TO FINANCIAL STATEMENTS
 YEARS ENDED DECEMBER 31, 2022 AND 2021**

statutory budgets was \$394,844 and \$117,458.

The Chief Financial Officer has the discretion of approving intra department budgetary transfers throughout the year. Inter department transfers are not permitted prior to November 1. After November 1 these transfers can be made in the form of a resolution and approved by the governing body. There were no significant budget transfers during the 2022 or 2021 calendar years.

NJSA 40A:4-87 permits special items of revenue and appropriations to be inserted into the annual budget when the item has been made available by any public or private funding source and the item was not determined at the time of budget adoption. During 2022 and 2021, the following significant budget insertions were approved:

<u>Budget Category</u>	<u>2022</u>	<u>2021</u>
<u>Current Fund:</u>		
NJDOT	\$ 67,900.00	150,000.00
Clean Communities	8,335.64	7,971.36
Alcohol Education and Rehabilitation Fund	-	454.40

The entity may make emergency appropriations, after the adoption of the budget, for a purpose which was not foreseen at the time the budget was adopted or for which adequate provision was not made therein. This type of appropriation shall be made to meet a pressing need for public expenditure to protect or promote the public health, safety, morals or welfare or to provide temporary housing or public assistance prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budgets of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. The entity approved a special emergency appropriation in 2017 for \$30,000. The emergency was for tax maps. The unfunded balance as of December 31, 2022 was \$0.

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

Note 3: INVESTMENTS

Interest Rate Risk. The municipality does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A:5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk. New Jersey Statutes 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America or of the local unit or school districts of which the local unit is a part of: obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk. The municipality places no limit on the amount the entity can invest in any one issuer.

Note 4: CASH

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The municipality's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. Under the act, all demand deposits are covered by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds or fund that may pass to the municipality relative to the happening of a future condition. As of December 31, 2022 and 2021, \$0 and \$0 of the municipality's bank balance of \$6,393,479.53 and \$5,961,658.27 was exposed to custodial credit risk.

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

Note 5: FIXED ASSETS

The following schedules are a summarization of the changes in general fixed assets for the calendar years ended December 31, 2022 and 2021:

	Balance 12/31/2020	Additions	Retirements/ Adjustments	Balance 12/31/2021
Land and Improvements	\$ 1,522,824.50			1,522,824.50

	<u>\$ 1,813,372.50</u>	<u>-</u>	<u>-</u>	<u>1,813,372.50</u>

Note 6: LONG TERM DEBT

Lease Liability

The Township entered into agreements to lease certain equipment. The lease agreements qualify as other than short-term leases under GASB 87 and, therefore, have been recorded at present value of the future minimum lease payments as of the date of their inception. The Township has determined the accumulated amortization to be immaterial to the government-wide financial statements and has elected to record the remaining payments in full.

The first agreement was executed in July 2019 to lease copiers within the Township. The term of the lease is 63 months and matures in October 2024. The remaining liability as of December 31, 2022 is \$3,784.00.

The second agreement was executed in October 2019 to lease a mail machine within the Township. The term of the lease is 60 months and matures in October 2024. The remaining liability as of December 31, 2022 is \$1,435.28.

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

The future minimum lease obligations as of December 31, 2022, are as follows:

Year Ending June 30,	Principal	Interest	Total
2023	\$ 2,846.88	-	2,846.88
2024	2,372.40	-	2,372.40
	<u>\$ 5,219.28</u>	<u>-</u>	<u>5,219.28</u>

Summary of Statutory Debt Condition - Annual Debt Statement

The summarized statement of debt condition which follows is prepared in accordance with the required method of setting up the Annual Debt Statement and indicates a statutory net debt of 0%.

	Gross Debt	Deductions	Net Debt
Local School District Debt	\$ -	-	-
General Debt	-	-	-
	<u>\$ -</u>	<u>-</u>	<u>-</u>

Net Debt \$0 ÷ Equalized Valuation Basis per N.J.S.A. 40A:2-2 as amended, \$110,846,478.33 = 0%.

Borrowing Power Under N.J.S.A. 40A:2-6 as Amended

3 1/2% of Equalized Valuation Basis (Municipal)	\$ 3,879,626.74
Net Debt	-
Remaining Borrowing Power	<u>\$ 3,879,626.74</u>

The Township of Washington School District, as a K-12 school district, is permitted to borrow up to 4% of the average equalized valuation for the past three years. State statutes allow a school district to exceed the districts limitation with voter approval. Any amount approved by the voters in excess of the limit is treated as an impairment of the municipal limit.

**TOWNSHIP OF WASHINGTON
 NOTES TO FINANCIAL STATEMENTS
 YEARS ENDED DECEMBER 31, 2022 AND 2021**

Note 7: FUND BALANCES APPROPRIATED

Fund balances at December 31, 2022 and 2021, which were appropriated and included as anticipated revenue in their own respective funds for the year ending December 31, 2023 and 2022 were as follows:

		<u>2023</u>	<u>2022</u>
Current Fund	\$	260,000	394,844

Note 8: SCHOOL TAXES

Local District School Taxes have been raised and a liability deferred by statute, resulting in the school tax payable set forth in the Current Fund liabilities as follows:

		<u>12/31/2022</u>	<u>12/31/2021</u>
Balance of Tax	\$	193,324.92	139,817.00
Deferred		139,817.00	139,817.00
Tax Payable	\$	<u>53,507.92</u>	<u>-</u>

Note 9: TAXES COLLECTED IN ADVANCE

Taxes collected in advance are recorded as cash liabilities in the financial statements. Following is a comparison of the liability for the previous two years:

	<u>Balance 12/31/22</u>	<u>Balance 12/31/21</u>
Prepaid Taxes	\$ 30,465.87	36,714.96
Cash Liability for Taxes Collected in Advance	<u>\$ 30,465.87</u>	<u>36,714.96</u>

Note 10: PENSION FUNDS

Description of Plans

Substantially all of the entity's employees participate in the Public Employees' Retirement System (PERS) cost sharing multiple-employer defined benefit pension plan which has been established by State Statute and are administered by the New Jersey Division of Pensions and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the system terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the systems. This report may be obtained by writing to the Division of Pension and Benefits, PO Box 295, Trenton, New Jersey 08625 or the report can be accessed on the internet at - <http://www.state.nj.us/treasury/pensions/annrpts.shtml>.

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

Public Employees' Retirement System

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PERS provided for employee contributions of 7.50% of employee's annual compensation, as defined. Employers are required to contribute to an actuarially determined rate in PERS. The entity's contributions to PERS for the years ended December 31, 2022, 2021, and 2020 were \$2,818.00, \$2,666.00, and \$3,298.00, respectively. The total payroll for the year ended December 31, 2022, 2021 and 2020 was \$143,693.51, \$141,427.72, and \$135,346.53, respectively. Payroll covered by PERS was \$18,715.00, \$18,258.00, and \$17,900.00.

Significant Legislation

Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of $\frac{1}{4}$ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members.
- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60% instead of 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years; PFRS active member rate increase from 8.5% to 10%. For fiscal year 2013, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contribution rates for PERS members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.

- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, special retirement under the PFRS, and employer contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to 1/60th from 1/55th, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined a 1/7th of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

Note 11: PENSION LIABILITIES

In 2012, the Governmental Accounting Standards Board issued GASB statement 68. This statement is effective for fiscal years beginning after June 15, 2014. This statement changes the method of reporting the municipality's pension liabilities. However, due to the fact that the municipality reports on the regulatory basis of accounting, no financial statement impact will be recognized.

The following represents the municipality's pension liabilities as June 30, 2021:

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

Public Employees' Retirement System

The Municipality has a liability of \$28,506 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020 that was rolled forward to June 30, 2021. The Municipality's proportion of the net pension liability was based on a projection of the Municipality's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021, the Municipality's proportion would be 0.00024062510%, which would be an decrease of 1.26% from its proportion measured as of June 30, 2020.

For the year ended December 31, 2021, the Municipality would have recognized pension expense of \$27,955. At December 31, 2021, the Municipality would report deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected & actual experience	\$ 450	\$ (204)
Changes of assumptions	148	(10,148)
Changes in proportion	255	(31,312)
Net difference between projected and actual earnings on pension plan investments		(7,509)
Total	<u>\$ 853</u>	<u>\$ (49,173)</u>

Amounts that would be reported as deferred outflows of resources and deferred inflows of resources related to pensions would be recognized in pension expense as follows:

Year ended June 30,	
2022	\$ (18,826)
2023	(13,442)
2024	(9,165)
2025	(6,889)
2026	3
Total	<u>\$ (48,320)</u>

Actuarial Assumptions

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following assumptions, applied to all periods in the measurement:

**TOWNSHIP OF WASHINGTON
 NOTES TO FINANCIAL STATEMENTS
 YEARS ENDED DECEMBER 31, 2022 AND 2021**

Inflation rate	
Price	2.75%
Wage	3.25%
Salary increases:	
Through 2026	2.00% – 6.00% (based on years of service)
Thereafter	3.00% - 7.00% (based on years of service)
Investment rate of return:	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disable retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

**TOWNSHIP OF WASHINGTON
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
US equity	27.00%	8.09%
Non-U.S. developed markets equity	13.50%	8.71%
Emerging markets equity	5.50%	10.96%
Private equity	13.00%	11.30%
Real estate	8.00%	9.15%
Real assets	3.00%	7.40%
High yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment grade credit	8.00%	1.68%
Cash equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk mitigation strategies	3.00%	3.35%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

Sensitivity of the Municipality's proportionate share of the net pension liability to changes in the discount rate.

The following presents the Municipality's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the Municipality's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Municipality's proportionate share of the net pension liability	\$ 34,891	\$ 28,506	\$ 23,094

**TOWNSHIP OF WASHINGTON
 NOTES TO FINANCIAL STATEMENTS
 YEARS ENDED DECEMBER 31, 2022 AND 2021**

Pension plan fiduciary net position.

Detailed information about the pension plan’s fiduciary net position is available in the separately issued PERS financial report.

Note 12: ECONOMIC DEPENDENCY

The Township of Washington is not economically dependent on any one business or industry as a major source of tax revenue for the Township.

Note 13: RISK MANAGEMENT

The entity is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The entity maintains commercial insurance coverage for property, liability and surety bonds. During the year ended December 31, 2022 and 2021 the entity did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

New Jersey Unemployment Compensation Insurance – The entity has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan, the entity is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The entity is billed quarterly for amounts due to the State. The following is a summary of entity contributions, employee contributions, reimbursements to the State for benefits and the ending balance of the entity’s trust fund for the previous three years:

<u>Calendar Year</u>	<u>City Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2022	\$ -			465.99
2021	-			465.99
2020	-			465.99

Note 14: CONTINGENT LIABILITIES

From time to time, the entity is a defendant in legal proceedings relating to its operations as a municipality. In the best judgment of the entity’s management, the outcome of any present legal proceedings will not have any adverse material effect on the accompanying financial statements.

**TOWNSHIP OF WASHINGTON
 NOTES TO FINANCIAL STATEMENTS
 YEARS ENDED DECEMBER 31, 2022 AND 2021**

Note 15: INTERFUND BALANCES

During the most current calendar year ended December 31, 2022, the following interfunds were included on the balance sheets of the various funds of the Township of Washington:

	Due From	Due To
	<u> </u>	<u> </u>
Current Fund:		
Grant Fund	\$	194,859.21
Dog Trust	350.00	
Other Trust Fund	740.75	
Payroll Trust	2,221.23	
Grant Fund:		
Current Fund	194,859.21	
Dog Trust:		
Current Fund		350.00
Other Trust Funds:		
Current Fund		2,961.98
	\$ <u>198,171.19</u>	<u>198,171.19</u>

The interfunds occurred since the Grant Fund does not have a separate bank account. The interfund in the other trust funds is due to interest earnings that were not transferred to the Current Fund prior to December 31 and bills paid by the Current Fund.

Note 16: SUBSEQUENT EVENTS

The entity has evaluated subsequent events through June 5, 2023 the date which the financial statements were available to be issued and identified no events requiring disclosure.

INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTER BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and
Members of the Township Committee
Township of Washington
County of Burlington, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements – regulatory basis, as listed in the accompanying table of contents, of the Township of Washington, State of New Jersey, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated June 5, 2023, which was adverse due to being presented in accordance with the New Jersey Regulatory Basis of Accounting. Our report disclosed that, as described in Note 1 to the financial statements, the Township of Washington prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), that demonstrates compliance with a modified accrual basis of accounting and the budget laws of the State of New Jersey.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TOWNSHIP OF WASHINGTON

PART II

LETTER OF COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2022

{THIS PAGE IS INTENTIONALLY LEFT BLANK}

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

N.J.S.A. 40A:11-4 states, "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. Due to the Township having a Qualified Purchasing Agent, pursuant to N.J.S.A. 40A:11-3(a), the maximum bid threshold is \$44,000.

The governing body of the Township of Washington has the responsibility of determining whether the expenditures in any category will exceed \$44,000 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Township's counsel's opinion should be sought before a commitment is made.

The minutes indicate that no bids were requested for public advertising.

The minutes indicate resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

Our examination of expenditures did not reveal any payments in excess of \$44,000 "for the performance of any work or the furnishing or hiring of any materials or supplies" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body, on January 4, 2022, adopted the following resolution authorizing interest to be charged on delinquent taxes:

"BE IT RESOLVED by the Township Committee of the Township of Washington, in accordance with N.J.S.A. 54:4-67, which authorizes the Governing Body to fix the rate of interest to be charged, in the Township of Washington, for the nonpayment of taxes and assessments, said rate of interest shall be and is hereby fixed at eight percent (8%) per annum on the first \$1,500 of taxes becoming delinquent after due date and eighteen percent (18%) per annum on any amount in excess of \$1,500 of the delinquent to be calculated from the date when the taxes and assessments become delinquent. There will be a ten (10) day grace period of quarterly tax payments made by cash, check or money order."

Our examination of interest collected on delinquent taxes did not reveal any charges that were not in agreement with the above resolution.

Delinquent Taxes and Tax Title Liens

The Township’s tax sale was held on October 25, 2022.

The following comparison is made of the number of tax title liens receivable on December 31st of the last three years:

<u>Year</u>	<u>Number</u>
2022	13
2021	13
2020	13

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payments of 2023 and 2022 Taxes	5
Delinquent Taxes	5

As of the date of this audit report, all verifications have not been returned. However, no problems were noted with those that have been returned.

Comparison of Tax Levies and Collections Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

<u>Year</u>	<u>Tax Levy</u>	<u>Cash Collections</u>	<u>Percentage of Collections</u>
2022	1,225,073	1,156,993	94.44%
2021	1,234,452	1,169,540	94.74%
2020	1,209,350	1,168,190	96.60%
2019	1,188,052	1,142,380	96.16%
2018	1,402,200	1,334,098	95.14%

Comparative Schedule of Tax Rate Information

	<u>2022</u>	<u>2021</u>	<u>2020</u>	<u>2019</u>	<u>2018</u>
Tax Rate	1.279	1.296	1.272	1.251	1.469

Assessed Valuation	95,767,685	94,967,489	95,035,094	94,673,700	94,945,650

Delinquent Taxes and Tax Title Liens

This tabulation includes a comparison, expressed in percentage, of the total delinquent taxes and tax title liens, in relation to the tax levies of the last four years.

<u>Year</u>	Amount of Tax Title <u>Liens</u>	Amount of Delinquent <u>Taxes</u>	<u>Total</u> <u>Delinquent</u>	Percentage of Tax <u>Levy</u>
2022	\$ 51,948	63,666	115,614	9.44%
2021	47,586	59,267	106,853	8.66%
2020	47,312	37,043	84,355	6.98%
2019	39,291	39,999	79,290	6.67%
2018	30,727	65,393	96,120	6.85%

FINDINGS AND RECOMMENDATIONS

None

STATUS OF PRIOR RECOMMENDATIONS

None

FINDINGS

None

The problems and weaknesses noted in my review were not of such magnitude that they would affect my ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to my comments or recommendations, or should you desire assistance in implementing my recommendations, please do not hesitate to call.

Very truly yours,

Ford, Scott & Associates, LLC
